

The identity of my supplementary reading from *Saints & Misfits* is Janna. Janna is one of the main characters in *Saints & Misfits*. Janna is a caring girl, but at times she only thinks she knows what she wants. Janna thinks that when two people collide with one another, beautiful things would happen (but it doesn't always work out). That was just part of the Misfits side, but now we will get into the Saints. She thinks there are many special people out in the world that she thinks that they could be right in front of us. On page 88-89, her brother says that she is an amazing & caring friend. It shows you that on other chapters and pages that she would always stay positive in *Saints & Misfits*. Janna is a strong character in the book, but she lets her guard down when she doesn't know exactly know what to do or when something major happens. *Saints & Misfits* is a book that I would recommend to those who would like to read about Saints, Misfits, & Monsters.
